INTRODUCTION

The purpose of this index was not to duplicate the information in Holmgren and Keuken (1974, 1976, 1977, 1978) and Baldwin (1975) but to compliment them; giving a compilation of all known herbaria in Canada which may have specimens of research value. For the most part teaching and private personal herbaria have been omitted.

The arrangement of the herbaria is alphabetically by province with the data compiled from information supplied by provincial botanists. Acknowledgement is given to the following for providing information: J. O. Hrapko, J. G. Packer (Alberta); J. Pinder-Moss (British Columbia); G. M. Keleher (Manitoba); H. Hinds (New Brunswick); P. Scott (Newfoundland); M.J. Harvey (Nova Scotia); J. Gillett, J.K. Morton, J. Soper (Ontario); I. G. MacQuarrie (Prince Edward Island); S. Forget, E. Gaertner, C. Hamel, A. Legault (Quebec); and V. Harms (Saskatchewan).

Le but de cet index n'est pas de répéter les travaux de Holmgren et Keuken (1974, 1976, 1977, 1978) et de Baldwin (1975), mais bien de les compléter en faisant la liste de tous les herbiers connus au Canada qui pourraient contenir des spécimens valables pour la recherche. La plupart des herbiers personnels et ceux servant à l'enseignement ne sont pas mentionnés dans cet index.

La liste des herbiers est présentée par ordre alphabétique des provinces. Les informations qui ont servi à son élaboration ont été fournies par des botanistes des différentes provinces. Nous remercions les personnes suivantes qui nous ont permis de mener à bien ce travail: J. O. Hrapko, J. G. Packer (Alberta); J. Pinder-Moss (Colombie-Britannique); G. M. Keleher (Manitoba); H. Hinds (Nouveau-Brunswick); P. Scott (Terre-Neuve); M. J. Harvey (Nouvelle-Ecosse); J. Gillett, J. K. Morton, J. Soper (Ontario); I. G. MacQuarrie (Ile-du-Prince-Edouard); S. Forget, E. Gaertner, C. Hamel, A. Legault (Québec); and V. Harms (Saskatchewan).
